

# Summer School 2023

15<sup>th</sup> May - 19<sup>th</sup> May 2023

## Ever wondered:

- Why does India have so many poor though it is one of the fastest growing economies of the world?
- Why investors prematurely sell their winning stocks that have made financial gains and hold on to the losing stocks for too long?
- How use of simple behavioural nudges made 96 per cent of Indian cities and all 5,99,963 villages of the country earn an Open defecation free status paving the way for Swachh Bharat Mission 2.0?
- Why do nations impose trade barriers if free trade is good for all?
- How does a federal rate hike affect the share market prices in India?

*If these and many such questions intrigue you, you will find answers at the SUMMER SCHOOL at SAMSOE.*

## 1-week intensive in an offline mode Summer School for:

10+2 students & under graduates who want a basic understanding of economics and the underlying driver of most things that happen around you.

Drawing on the expertise of its faculty in the field of Economics, the Summer School will provide a multi-dimensional approach in application based learning.
